PayPal automatically converting sterling to USD for UK account holders

1. If you're getting the screenshot below when making a payment:

- Click on **USD** (under 'Recipient gets')
- Select **GBP** from the list

2. Check what your primary (default) currency is set to

Your primary balance is your default currency and is used to send and request payments. (See screenshot below)

To select a currency for your primary balance:

1. Go to **Dashboard** and click **Wallet** on the menu bar at the top of the page.
2. If you only hold one currency, you must first click **Add a currency** to add the currency you wish to convert to.
3. Click the **three dots** ⋮ next to the currency you want to make 'primary' and select **Make primary**.
4. Click **Set as Primary**.
